Councilman Lawton thanked the committee for their time and input; he wanted to acknowledge the proposed floor plan and questioned what the board's plan is for addressing the ad hoc recommendations. Dave Bargar noted that communication has served its process very well with the ad hoc committee and the board members. He encouraged the board to continue the line of communication with the community. Councilman Muecheck noted that the board agreed to address any new changes and/or ideas at board meetings ensuring that it would be public knowledge. This will address the communication issue.

Edward McCague, ad hoc member, noted that the Village of Lakewood needs to be approached with the recommendations from the ad hoc committee to verify what they are interested in and what space would be needed if their offices were to move to 125 Chautauqua Avenue. He noted that the floor plan presented by the ad hoc committee has the court in the back and the community center at the front. He encouraged everyone to stop, wait for the final report from the ad hoc committee, and take a good look at that plan; allowing the group to explain the plan. Councilman Thor noted that updates would be made as part of councilman reports of where the town stands with the various projects.

Jim Dahlie reported a follow-up from the previous meeting - 1. The smells from the digester have become considerably less. 2. The smells coming from the brewery, Mr. Dahlie has canvassed the neighbors regarding the smells. All the neighbors could smell the brewery smell, only one could smell the digester smell. He did write a certified letter to Mr. Demink which was received October 14th according to post office records, stating that he believed the brewery was out of compliance with the Town of Busti code due to the fact that the odors from the brewery pass beyond the property line and asked what steps were being made to reduce the smells of the brewing process; what new techniques would be applicable to reduce the smell even further. He did note that the brewing odor has seemed to be reduced.

Supervisor Robbins noted that the odor issue on Erlfrd was fixed; it was not an issue from the brewery but rather a Chautauqua County South & Center Sewer District problem.

Mr. Dahlie asked how the second issue will be addressed in the long term. Supervisor Robbins stated that he did not

ask that question as he was addressing the digester issue immediately.

Tom Vavala thanked Supervisor Robbins and Inspector Swanson for their response. However, he is still concerned about the process. He wants assurance that there will be no addition to the brewery until there is a plan to address the odor issue. Attorney Joel Seachrist stated that every expansion of Southern Tier Brewery Co, Inc. has been brought before the town's Planning Board for approval and then proceeded through the building permit process. Going forward the town will need to determine what odor is acceptable and how that will be evaluated. Supervisor Robbins stated that the Comprehensive Plan Oversight Committee will be going through the Town Code and addressing these issues. Tim Young suggested that Mr. Demink be invited to attend the next board meeting and explain what steps he is taking to address these issues.

Town Clerk, Darlene Nygren noted that she had received information from the Community Foundation on a free continuing education seminar. It will be held on Tuesday, October 28th from 8:30 am – 12:45 pm at the Robert H. Jackson Center, with a luncheon to follow. There will be two sessions: 1. "Tinkering with the Law: A Conversation on First Amendment Rights" and 2. "Do's and Don'ts for Municipal Officials". If any board member is interested in attending they should contact her and she will make the appropriate reservations.

Highway Superintendent Melvin Peterson reported that the bush hog is still out trimming for the 6th week. There are about 13 dangerous trees that will be taken down in the next couple weeks. Work is being done in the shop on a truck in need of repair. The department is getting ready for winter.

The Comprehensive Plan Oversight Committee has been established. Members will be David Paterniti, Linda Anderson, Supervisor Robbins, Councilman Muccheck, Robert Whitman, Tim Young, Todd Saracki, and Don McCord. Supervisor Robbins moved to appoint the committee members as stated, which was duly seconded by Councilman Thor. The purpose of the committee is to implement the suggestions that were made through the Comprehensive Plan.

All aye, carried.

Upon roll call vote, all aye. Carried

Supervisor Robbins moved to accept the minutes of October 6, 2014 which was duly seconded by Councilman Muccheck.

All aye.

Councilman Lawton reported that the LoCo Trail is waiting on a decision for the TAP grant. He noted that there is an event scheduled for Tuesday, October 21st to ride the rail on an old railroad car with foundation representatives that have been approached for donations for the trail.

Tim Young, Busti Hamlet Committee representative, reported that the committee would like to donate three solar LED lights to be placed in the triangle in the hamlet. The lights would be 8 feet tall, all aluminum, and powder coated. He and Randy Sargent, from the hamlet group, would install the lights at no expense to the town.

Supervisor Robbins moved to accept the donation of lights from the Busti Hamlet Committee, which was duly seconded by Councilman Thor.

Upon roll call vote, all aye, carried.

Supervisor Robbins moved the following motion, duly seconded by Councilman Thor:

RESOLVED, the board will enter Executive Session to discuss contract issues at 7:50 p.m.

Upon roll call vote, all aye.

Councilman Thor moved the following motion, duly seconded by Councilman Muccheck:

RESOLVED, the board close the Executive Session at 9:07 p.m.

Councilman Muccheck moved to adjourn the meeting at 9:08 p.m., which was duly seconded by Councilman Thor.
